Happy President's Day!

Presidents' Day originated in 1885 in celebration of President George Washington's birthday, traditionally celebrated on the 22nd of February.

The holiday became recognized as Presidents' Day in 1971 with the Uniform Monday Holiday Act in an attempt to create more three-day weekends for workers in the United States.

Groundhog Day

Groundhog day, is popular in many parts of the United States. Tradition dictates if the groundhog sees its shadow on February 2nd it will then return to its burrow indicating that there will be 6 more weeks of winter.

If the groundhog does not see its shadow, then spring is on the way. The first Groundhog Day took place in 1887 in the small town of Punxsutawney, Pennsylvania.

Plumbing Maintenance tips

1. Avoid pouring oil in kitchen sinks.
2. Remove hair from sink and tub promptly so they're not washed down the drain.
3. Toilet clogs can be unstopped with a plunger.
