Happy St. Patrick's Day!

"May your troubles be less, and your blessings be more, and nothing but happiness come through your door!" We want to wish everyone a happy St. Patrick's Day on the 17th. We are so very lucky to have you as our residents.

Garbage Disposal Tips

Here are some helpful garbage disposal tips. To deodorize the disposal, insert orange or lemon peels. Do not use drain cleaning chemicals in your disposal! Never put bones, celery, onion peels, cornhusks, artichoke leaves, metal or glass down your disposal. In addition, never insert paper products, matches or cigarettes. Grease and coffee grounds will also clog your garbage disposal.

If your disposal does not work, turn off the wall switch, wait a few minutes and push the reset button. This is usually a red button on or near the bottom or side of the disposal unit located under the kitchen sink. Try to turn on the disposal at the wall switch. If the disposal still does not work, call the Leasing Office for a maintenance request.

Spring Forward!!

At 2am on Sunday, March 11th, make sure to set your clocks an hour ahead when you go to bed Saturday night. More daylight once again in time for the first day of Spring on March 20th!

LIKE US ON FACEBOOK!!

This year we are getting more involved on Facebook and would love your support! With that being said, please take a moment to hop on and like our page. We promise will not be jamming your news-feed with a bunch of random stuff. We plan to post once or twice a week with reminders of upcoming projects on the property, resident events and a few chances to win gift cards!

Go to our page and see our most recent post and lets see how lucky you are and maybe you could be the one winning a Target gift card!

Pet Waste Reminder

Please remember to pick up after your pet. We've conveniently placed pet waste stations around the property for you to use. If we receive evidence that you are not picking up after your pet, you will be charged a \$50 fine!

Air Conditioners

With warmer weather upon us, we wanted to remind you that air conditioners cannot be ran unless the outside temp is above 60 degrees. By doing so, you are risking damaging the AC units and will be unable to use until it is repaired. If we see units being ran we will be shutting them off.
